

Guaranteed Protection

StoreJet™ 25 *mobile*

Shockproof Portable Hard Drive

Keep your data portable and protected with Transcend's StoreJet™ 25 *mobile* hard drive. Featuring an advanced two-stage shock absorbing design that combines inner suspension technology with an extra-durable dampening silicone outer shell, the StoreJet 25 *mobile* is tough enough to protect your data from accidental falls during travel.

Aside from its rugged design, the StoreJet 25 *mobile* offers storage capacity up to 320GB, a convenient OneTouch backup button and a wealth of useful data-management tools that make transporting your data easier than ever.

StoreJet™ *elite*

Backup

Important documents, folders, or even entire drives can be safely backed up on command or automatically with advanced multiple-task scheduling functions.

Restore

Bring your damaged or accidentally deleted files back to life quickly and easily. Intelligent duplicate file name scanning keeps you from inadvertently overwriting newer versions.

Compression

Conserve precious disk space on your backup drive by using StoreJet™ elite's space-saving file compression function.

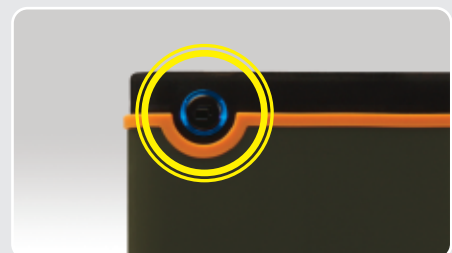

Security

The StoreJet™ software offers powerful encryption for backing up sensitive information. Without your password, your backups will be impossible for unauthorized users to restore.

Key Benefits

Durable anti-shock design

OneTouch backup button

Compact and easy-to-carry

High-speed USB 2.0 compliant

Up to 320GB capacity
